Where is the low pressure port for ac on 2000 ford expedition

Ford Expeditions are fuel injected vehicles requiring a constant fuel pressure that fluctuates with the throttle position. If the fuel pressure is too high or too low, it can cause drivability issues that are detrimental to your Expedition's engine and emissions systems, as well as your wallet. With that in ...

How to Check the Fuel Pressure on an Expedition | It Still ...

I had the exact same problem with my 2000 Expedition. The dealership recommended replacing the oil pressure sensor. The price of the sensor was less than \$10.00 but the labor was going to be way up there. I decided to replace it myself. The sensor is located beside the oil filter and the filter must be removed to get to it.
