Criminal cases are not settled by the parties in quite the same way civil cases are. However, not every case goes to trial. The government may decide to dismiss a case, or be ordered to do so by a court. The defendant may decide to plead guilty, perhaps as a result of negotiations with the government that result in dismissing some of the ...

How Courts Work - American Bar Association

A network switch is a multiport network bridge that uses MAC addresses to forward data at the data link layer (layer 2) of the OSI model. Some switches can also forward data at the network layer (layer 3) by additionally incorporating routing functionality.
