The Korean War Introduction | Shmoop

The Korean War was fought between South Korea and communist North Korea. It was the first major conflict of the Cold War as the Soviet Union supported North Korea and the United States supported South Korea. The war ended with little resolution. The countries are still divided today and North Korea is still ruled by a communist regime.

The reality is that the wheels of motion that drove the country to war in 1950 began turning long before American boots set foot on Korean soil. The heart of the conflict was a civil war between a population arbitrarily divided by colonization and the global geopolitics at the end of the Second World War.
