OK, I have information on the CalComp 5536, but I have to "dig it out". I just found this forum, so give me a day or two. When CalComp went out of business, they sold the digitizers to GTCO and the rest of their service and parts to TekGraf. TekGraf has sold the CalComp stuff to some outfit in Akron, OH, can't remember the name.

I have an offer to receive a calcomp techjet 720 plotter for free. I am operating 8.1 on OS10.3.4 on a dual G5. This plotter is about ten years old. I did notice it is listed in the default plotters of archicad, but am I to assume this means the driver is included in the software? Or is hooking this up more trouble than it is worth?
